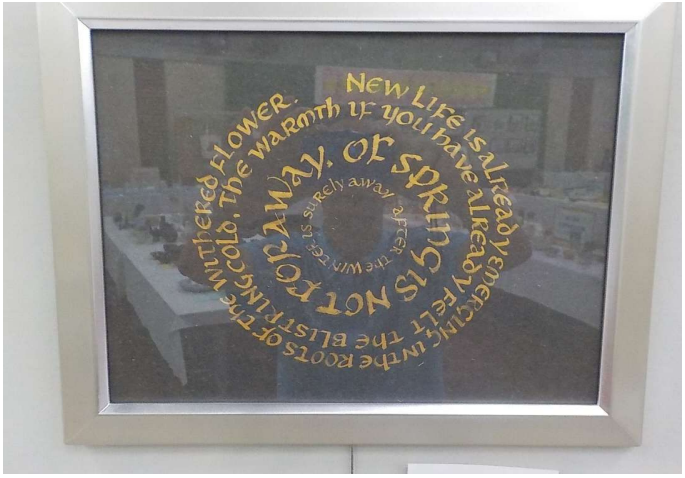
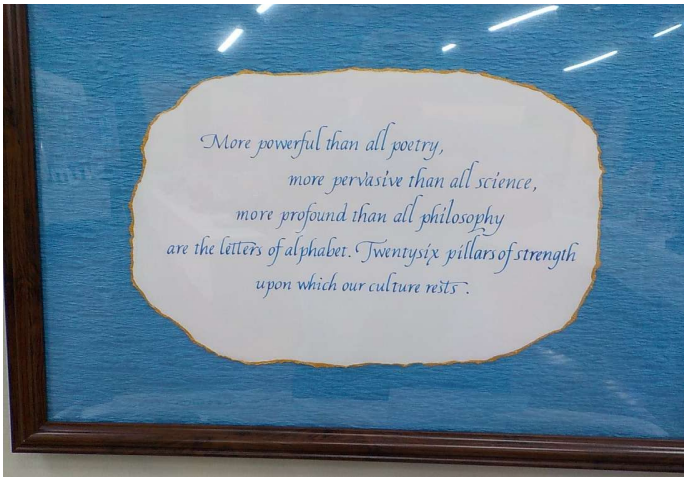
Nature gives you the face
you have at twenty.
Life shapes the face
you have at thirty.
But at fifty you
get the face you deserve.
Gabrielle Chanel

For thee
the wonder working
earth puts forth
sweet flowers

For thee the wonder working
earth puts forth sweet flowers



New Life is already emerging in the roots of the withered flower.
The warmth if you have already felt the blistring cold, the warmth if you have already felt the winter is surely away after the winter is surely away
OF SPRING IS NOT FOR AWAY.



More powerful than all poetry,
more pervasive than all science,
more profound than all philosophy
are the letters of alphabet. Twentysix pillars of strength
upon which our culture rests.

Inside every person's heart is
beautiful poetry and music
Push negative feelings out of your heart
and allow what is good
about you to flow through.

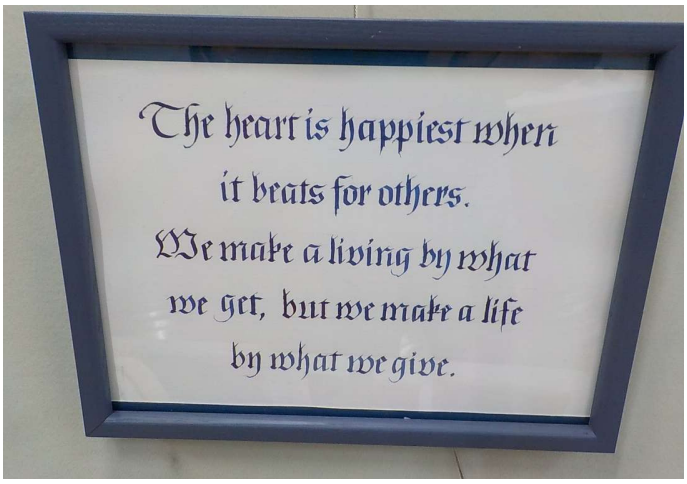
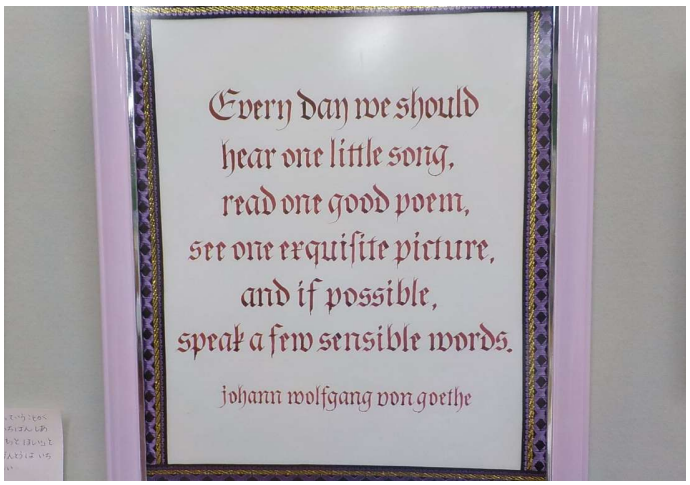
You never know maybe
that's the day
she has a date with destiny
And it's best to be as pretty as
possible for destiny



The heart is happiest when
it beats for others.
We make a living by what
we get, but we make a life
by what we give.



Every day we should
hear one little song,
read one good poem,
see one exquisite picture,
and if possible,
speak a few sensible words.

Little Things
Little drops of water, little grains of sand,
make the mighty ocean and the pleasant land.

Happiness
True happiness can be found
when everything is perfectly
ordinary. The greatest
sorrow is wanting more.
